

Sports Medicine Boot Elite® Sizing

The Sports Medicine Boot Elites (SMB Elites) were designed with a front leg boot and a rear leg boot. Knowing that each leg functions differently they have been exceptionally contoured to provide the absolute best fit, and function for each leg.

It is important to choose the correct size for your horse to get the optimum benefits from SMB Elites. The chart below details circumference and height measurements. The circumference measurement of the boot is more critical than the height because the boot must fit around the horse's leg and overlap 1/2" to 1 1/2" to be effective. The height of the horse and the coarseness of the bone should be taken into account, but these should not be the only determining factors.

Unlike the SMBII's, SMB Elites are sized in small, medium and large. As a general rule, horses will use the same size on both the front leg and rear leg. For instance, many mature horses wear the SMB Elite in a medium on the front and SMB Elite medium on the rear as well. However, in some cases where there may be pronounced size difference in the fetlocks, the horse may wear a smaller size in the front than in the rear.

To choose the correct size, view the chart below. If you are still unsure which size to get, you should measure the circumference of your horse's front and rear fetlocks at the widest point (see picture). Then choose the boot size that is the next bigger size than your measurement. Example: If your horse's fetlock measures 10.75" in the front and 11.5" in the rear, you should choose SMB Elite in a medium for both front and rear.

SMB Elite™ Sizing Chart

FRONT	SMBEFS Small Front  9.5"/24.1 cm Circumference 10"/25 cm Boot Height 13 - 14.3 Hands	SMBEFM Medium Front  10.5"/26.7 cm Circumference 11"/28 cm Boot Height 15 - 15.3 Hands	SMBEFL Large Front  11.5"/29.2 cm Circumference 12"/31 cm Boot Height 16 - 16.3 Hands	SMBEFLX X-Large Front  12.5"/31.8 cm Circumference 13"/33 cm Boot Height 17 - 17.3 + Hands
	SMBERS Small Rear  10.5"/26.7 cm Circumference 11"/28 cm Boot Height 13 - 14.3 Hands	SMBERM Medium Rear  11.5"/29.2 cm Circumference 12"/31 cm Boot Height 15 - 15.3 Hands	SMBERL Large Rear  12.5"/31.8 cm Circumference 13"/33 cm Boot Height 16 - 16.3 Hands	SMBERXL X-Large Rear  13.5"/34.3 cm Circumference 14"/36 cm Boot Height 17 - 17.3 + Hands
