## 'The Club' 2010 Information and Application Form

Four years ago our Club was founded in order to meet the needs of our regular visitors and customers by offering membership entitling them to discounts on various activities and use of our facilities.

Things have moved on a pace since the original idea and we have been asked by many to make some changes to the structure. Our Facebook group will continue as normal as a way of communicating with our friends and around the world but for those wanting to take a more active part in the goings on at the Stud and take advantage of Club benefits and facilities there are two types of membership available.

With our instructors Lou, Sarah and Celia offering lessons and clinics covering wide and different formats in both English and Western, the development of our natural horsemanship programmes and clinics, our close association with Heather Moffet and her Enlightened Equitation organisation and our new ties with the Intelligent Horsemanship organisation the number of people now interested in our activities has increased dramatically. In order to meet the needs of that increased and wider audience we have restructured the Club membership scheme to make it more accessible and beneficial to many more people.

Basic Club membership now offers everyone a package that provides services, news and access to events and activities for all. No matter where they are based and irrespective of whether they ride and/or own horses of their own.

The addition of Facilities membership allows those within striking distance of the Mendip Stud to use our arenas and other facilities. Members can also book arenas and facilities at club rates on a one off basis without the need to take up facilities membership if they wish to do so.
